### TFT Displays – Part Numbering Change Notice

---

January 21, 2009

Dear Valued Customers,

This letter is to inform you that **Shanghai Tianma** will change our entire TFT display part numbers to a new numbering system, **effective January 23<sup>rd</sup>, 2009**. This change was made to simplify our numbering system and to adopt consistency within our global Tianma Group.

On the following page, you will find a list of our new part numbers corresponding to our old part numbers, for the most common products. These are also the modules we suggest for new designs as they are in mass production and expected to be available in the long term.

If you need to cross reference any specific part number that is not on the list, please contact the Tianma USA office directly for further assistance.

For up-to-date products offering, please go to our company website at [www.tianma.com](http://www.tianma.com), or call us at (626) 336-8188 for details.

Thank you for your cooperation and we apologize for any inconvenience. We look forward to supporting you with your LCD display needs.

Sincerely,

Lu T. Do  
Director | Sales & Marketing

**Shanghai Tianma - TFT New Part Number Changes**

(Effective January 1st, 2009)

Size	Resolution	New Part#	Old Part#	Comment
1.79"	128 x 160	TM018FDH02	N/A
